Names Appearing In Black Letters

* * *

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

Δ Indicates telephone at this number.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
